

Now is the time to wear *Dr. Deimel Underwear* (LINEN-MESH)

A great deal of the sickness in the world is caused by unsanitary woolen underwear. Most underwear is made of linen which while being clean has the great disadvantage of being cold and clammy.

By a special process of manufacture, a soft, warm, porous fabric has been evolved by Dr. Deimel, called Linen-Mesh, which is simply linen with the coldness taken out.

Dr. Deimel Underwear has obtained the unqualified endorsement of the foremost members of the Medical Profession and in every part of the globe gives health and comfort—summer, winter, spring and fall.

This underwear is made in such a wide variety of sizes that we can fit everybody.

LIKE GRANDMA USED TO MAKE

You have often wished you could get some Apple Butter which would taste like it used to when grandma made it. Possibly her own wouldn't taste now just as it did in those days, down on the farm, but we have just received some which seems to us just like the good old kind. It is

Heinz Apple Butter

One of the 57 Varieties—made as those products all are, pure, clean and good. We don't care to say more about it. We would rather you would taste it and judge for yourself. Heinz Apple Butter comes in stone crocks, convenient sizes. Buy it from your grocer.

Gas Range Cooking

For Frying Oysters, Croquettes, Fritters, Doughnuts

and everything else which needs very hot fat, there is no fuel so good as gas. The heat is intense and can be kept at one point indefinitely.

The flame should be kept at full head all the time. It will not do to reduce it, as the fat is constantly being cooled by putting in fresh instalments to be fried.

TO ASSIST THE CHURCH

Central Union People
Talk Over Their
Own Work.

"A Union of 1100 on Central Union Church" was the subject discussed at last night's meeting of members of the church at the usual weekly prayer-meeting. About 250 were present. When all the speakers were through it developed that the whole idea was to get better and more work out of the membership for church purposes only.

Theo. Richards introduced the subject with some statistics chalked on a blackboard. Of the 1100 members, 242 were absent, 32 were incapacitated, a large number were children and there were but 141 active workers. There were 694 available for work of some kind. How could these people be given work? and what should the work be? were the principal questions at issue.

Rev. E. B. Turner spoke of the Sunday school of the church. The Sunday school was the teaching department and if its work was well done the church would be benefited. There was need of greater loyalty to the work by the teachers and more attention to details was needed.

W. A. Bowen spoke of the outside Sunday schools. The Portuguese church Sunday school was well organized and flourishing. Kawaiahao needed teachers who would pay strict attention to their work. Kakaako, Wai-kiki, Moiliili and Manoa were in need of good teachers. Mrs. B. F. Dillingham had given up the work of conducting the Kaumakapili Sunday schools and someone was needed to fill her place.

P. W. Rider for the Kakaako Mission, said he had been in the field for four years and had made 2600 house-to-house visits in that time. He seldom found workers laboring for Christ in Kakaako. There were many wicked homes in that section of the city. They needed Christian oversight. The scenes Mr. Rider witnessed on New Year's Day, when riotous celebrations were in full sway, were such as to be hardly believed unless one saw with his own eyes.

Mr. Rath, of the Palama Mission, spoke in a similar strain of the needs of Palama. On New Year's Day he, too, had witnessed scenes which showed the immoral side of the section. The bartenders there wear the blindest of smiles and help to send men and women to hell. The gambling dens and houses of ill-fame also do their part. Children swarm about the tenements and it is necessary that some people of Central Union should go among them and endeavor to get them into the Sunday schools. The boys and girls need moral training.

"The training they now have is immoral," said Mr. Rath. Rev. Mr. Gulick spoke for the Japanese. He, too, wanted workers from Central Union to aid in teaching the young Japanese. He asked also that people here remember on Sunday evening when they have big dinners that their Japanese servants may be Christians and may desire to attend services, and they should be let off from their household duties early in the evening.

Rev. Frank Damon, for the Chinese, asked for willing people to assist him in the social development of young Chinese men and women.

Rev. Mr. Kincaid said he considered one of the most perplexing questions to be: "How to get our 1100 members to work in the best interests of the church." He reminded the speakers that time was passing and that they should not exceed the limits placed upon them.

Nothing was said about taking part in the crusades against vice and graft which are enlisting the smaller churches and the civic bodies of Honolulu.

The annual meeting of the church will be held on Wednesday evening. Reports will be presented by the officers. The annual supper will be dispensed with on this occasion.

THE FAVORITE GROTTTO

There are always joyous times at the FAVORITE GROTTTO. It is the place par excellence to eat, drink and be merry.

The following conglomeration of good things will be let loose at noon and again at dinner time:

POTAGE A LA HAMBURG
CHILI CON CARNE

Y TORTELIER
NEW ENGLAND BOILED DINNER
BOILED POTATOES

LIMA BEANS
MEXICAN SALAD

FRED KILEY, Prop.,
Cor. Hotel and Bethel Streets.

SPORTS

LURLINE TO ENTER RACE

Commodore Macfarlane
Will Run His
Yacht.

A conference was held yesterday by Commodores Hobron and Macfarlane and L. A. Thurston of the Hawaii Yacht Club with Secretary Wood of the Promotion Committee, at which several plans were broached for advertising the proposed San Francisco-Honolulu yacht race.

Circular letters giving full particulars of the race, together with handicaps, etc., will be forwarded to all yacht clubs in the United States in an early mail.

Commodore Macfarlane was prevailed upon to enter his yacht, La Paloma, in the race. She will have to be sailed up to San Francisco and back again as she is too large for freight. The entry of La Paloma will have an interest to mainland yachtsmen as showing that the local people are thoroughly in earnest over the proposition.

So far the Lurline, owned by Mr. Sinclair at San Diego, and the yachts Aggie and Ramona of San Francisco, are sure to enter.

ON THE SIDE.

Battling Nelson is not only a fighter, but a human being. He has struck a place where money is soft and he does not propose to be diverted.

With Tommy Ryan as a trainer, Marvin Hart will devote himself entirely to fighting for money and let the glory take care of itself.

Report says that Lou Dillon will be mated with John A. McKerron, 2:04 1-4. The result of this mating should be a trotter that could fairly fly, but you can never tell, and the colt might not be able to trot a mile at all. It might turn out a pacer.

Danny Maher, the American jockey who is riding in England, has ridden six years, has taken part in 2,174 races, has won 499 and won place in 724. Maher will return to America this month, but will go back to England next season. He is still popular over there.

A reader contributes the following in connection with the present rage for (not) swimming the English Channel: If Webb were alive and fit to compete, with those six, in the very first heat, He would certainly make them take a back seat. By Webb's feat if Webb's feet were webbed feet.

John L. Sullivan's father was a small man. Of course, he wasn't German. One day when John was in the full flower of his power he met the old gentleman and grasped his hand with a degree of warmth that evinced more filial affection than care for the paternal digits.

"You think you're a strong man, don't you?" said Mr. Sullivan, Sr. "Well," replied John, "I'm the Champion of the World." "Champion of the world, are you?" This with fine irony. "There are men in Ireland that would break you in two with wan shlap o' the hand." Sullivan always took a boyish delight in telling this story.

"I humbly beg your pardon, sir; I fear that I have mashed your toe. Such accidents will oft occur. In gatherings like this, you know." "And I have been," was the reply, "More hasty than was rightly due. I fear I have contused your eye—And does this ear belong to you?" "Believe me, sir, I meant no harm. It happened by the merest chance. I trust that you will take my arm in getting to the ambulance." "Tis now fulfilled, our fondest dream. These college rudenesses are past. Kind courtesy doth reign supreme. And football is reformed at last.

UNINVENTED MACHINE PRODUCES TROUBLE

Attorney General Peters, on behalf of Superintendent of Public Works Holloway, is about to bring suit on the bond of the Hawaiian-American Construction Co. for \$13,000, for failure to fulfill the contract for erecting the proposed insane asylum buildings. A. N. Campbell and J. W. Mason are the sureties on the bond.

The company's reason for refusing to go ahead with the contract was that certain of the specifications were impossible of being complied with, in that they called for concrete blocks made under a pressure of which no standard machine was capable.

It was understood that the concrete block specifications were inserted at the instance of President Pinkham of the Board of Health, who claimed to have designed a machine that would make blocks under the pressure given. This has since been known as "Pinkham's uninvented machine."

Great Embroidery Sale!

Commencing Tuesday morning, January 2, 1906, there will be an Embroidery sale of unusual interest and importance.

We shall signalize the New Year in our customers' interests by cutting prices almost in half—in fact in some cases they WILL be cut in half.

Notable among the bargains displayed will be: A large assortment of

CAMBRIC and SWISS EMBROIDERIES, 8 1-3c per yd, up
CORSET COVER EMBROIDERIES, 25c, 35c, 50c, per yd.
EMBROIDERY YOKING, 40c per yd. and up

Be sure to come and examine these goods. You will find that we are offering bigger bargains in the Embroidery line than can be obtained anywhere else in the city.

A. BLOM PROGRESS BLOCK,
FORT STREET.

Now for the
